Public Notice #06-096-TV-C

Date: September 26, 2006

NOTICE OF A DRAFT AIR CONSTRUCTION PERMIT

**NATIONAL TEXTILES
5501 HIGHWAY 25 NORTH
HODGES, SOUTH CAROLINA
(GREENWOOD COUNTY / REGION 1 GREENWOOD EQC OFFICE)
AIR PERMIT NO. 1240-0060-CE**

National Textiles has applied to the SC DHEC for an air construction permit to increase the operating capacity of its existing Woodwaste/Tire-Derived Fuel (TDF) Boiler and to establish a sulfur emission limit of 2.2 weight percent for TDF. A draft permit and engineering calculation sheets have been written by the BAQ outlining this proposal and applicable regulations. This permit will enable the facility to operate in compliance with State and Federal Air Quality Regulations. The draft permit has not yet been approved and is open to comment from the public, affected states, and the United States Environmental Protection Agency (EPA).

If this permit is approved, federally-enforceable emission limits of less than 100 tons per year (TPY) of Particulate Matter (PM)/PM less than 10 Microns in Diameter, Sulfur Dioxide, and Carbon Monoxide will be established at the facility, thereby enabling it to remain below Prevention of Significant Deterioration (PSD) major source thresholds. Federally-enforceable emission limits of less than 10 TPY of any single Hazardous Air Pollutant (HAP), and less than 25 TPY of any combination of HAPs, will also be established with this permit, thereby enabling the facility to remain below applicable Maximum Available Control Technology (MACT) Standards as defined by Title 40 of the Code of Federal Regulations, Part 63, "National Emission Standards for Hazardous Air Pollutants for Source Categories." There will be no new construction at the facility as a result of this proposal. Additionally, this permit will be incorporated into the facility's Title V Operating Permit and will be subject to all procedural requirements in accordance with State and Federal Regulations, including those for public participation and EPA review. All emissions limitations and conditions in the draft construction permit have been written in accordance with the SC Title V Operating Permit Program.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by October 25, 2006 to Erika Craig at the above DHEC address. All comments received by October 25, 2006 will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Donna Moye at the above DHEC address or by e-mail at: moyedd@dhec.sc.gov. If a public hearing is requested and held, notice will be given in this newspaper thirty (30) days in advance. A request for final review may be filed after a permit decision has been made. Information regarding final review procedures is available from DHEC's legal office at the above DHEC address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through October 25, 2006 at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Region 1 Greenwood EQC Office, 613 South Main Street, Greenwood, SC 29646 at (864) 223-0333.

The BAQ maintains a county-based mailing list of persons interested in receiving notification of BAQ public notice actions. If you would like to be added to this list, please submit a request with your name, address, and counties of interest to Donna Moye at the above DHEC address or e-mail. Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents may be requested in writing at a \$.25 per page charge. Please bring the foregoing to the attention of persons you know will be interested in this matter.

This public notice may be viewed through October 25, 2006 on DHEC's website at:
